SUBJECT: EXECUTION OF POLICY: ADMINISTRATIVE REGULATIONS

The Board shall delegate to the Superintendent the function of specifying required actions and designing the detailed arrangements under which the schools will be operated. These rules and these detailed arrangements shall constitute the administrative regulations governing the school. They must in every respect be consistent with the policies adopted by the Board.

While the administrative rules, regulations and procedures are composed by the administration, the Board of Education reserves the right to review them, not only to keep informed as to how Board policies are being implemented, but to check for consistency with those policies.
